

DEERCREEK COUNTRY CLUB OWNERS ASSOCIATION, INC.
RULES AND REGULATIONS

November 26, 2018

As property owners in Deercreek Country Club Owners Association:

- *You made a major investment;*
- *You bought in a well-planned community;*
- *You expected your investment to maintain its value, even to increase in value; and,*
- *You agreed to accept and abide by all declarations, by-laws, and rules and regulations that govern Deercreek residency and home ownership.*

The Rules and Regulations set forth in the following paragraphs apply within all areas of the Deercreek Country Club community coming under the jurisdiction of the Deercreek Country Club Owners Association. Wherever the term "Association" is used in these Rules and Regulations, it means the Deercreek Country Club Owners Association, Inc., a Florida nonprofit corporation (informally referred to as the "Association"). The acronym "ARB" stands for the Architectural Review Board of the Association. The word "rules" is used herein to mean these Rules and Regulations.

These Rules and Regulations are intended to replace all previous versions of the same and have been adopted by the Board of Directors of the Deercreek Country Club Owners Association, Inc. These Rules and Regulations are derived from existing declarations and by-laws, accepted by each property owner, and evidenced by signed and recorded documents in the public records of Duval County. To the extent that any of these Rules and Regulations contradict any provisions of the applicable recorded document, the provisions of the recorded document shall prevail.

The Association intends to enforce these Rules and Regulations by whatever means available, including legal actions. The recorded documents provide for the levying of fines which can become a lien on the non-complying homeowner's property as well as a provision requiring the non-complying homeowner to pay the Association's attorney fees incurred in the collection of amounts owed the Association. Renters are guests of the property owner and are subject to these Rules and Regulations as well. The property owner/Member will be ultimately liable for advising the renter of the Rules and Regulations and for any violations thereof incurred by the renter.

Community Access

These community access guidelines are provided to Deercreek residents to provide a better understanding of community regulations relating to privacy and safety. Community restrictions should be considered community protection. The cooperation, comments and suggestions from Members to improve our community experience is welcome and requested.

Deercreek is a controlled access community. Access is restricted in order to preserve the private nature of the community, limit traffic and provide maximum safety. The Deercreek Country Club Owners Association employs some gate house staff and roving Security Officers/surveillance personnel to enforce the Homeowners Association regulations, but they cannot be considered police or sworn enforcement officers. In addition, members of the Jacksonville Sheriff's Office periodically patrol the community. In case of an emergency requiring outside help, dial 911; otherwise call the security gate house at 363-2147 for assistance.

Access to the community is regulated by a bar code entry system issued to Members, approved house renters and club members and are issued at the security gate house. Members or guests without bar codes must enter through the left lane. Security Officers at the gate must call a Board member should a controversy with a resident or guest arise.

Visitors

Security Officers are not permitted to grant entry to visitors unless prior authorization is given. When visitors (guests, including golf and tennis guests, taxis, vendors, etc.) are expected, the gate house must be informed in advance; otherwise the Security Officer will call for authorization before permitting access. Residents must identify themselves to the Security Officer by their name and pin number to allow guest access. All residents are encouraged to use the Dwelling Live Connections system available at www.deercreekcc.com to sign-in visitors and to maintain their access list. A one-day pass is issued to the visitor by Security Officers only if authorization is received. If guests are to remain over an extended time period, the Member/resident should contact the gate house for an extended pass.

A letter of restrictions that pertains to all vendors and contractors entering into Deercreek will be given to vendors and contractors as they enter the gate.

A Member expecting five (5) or more cars on any one occasion must submit a written list of guest names to Deercreek Security in advance of the event. A form may be found on the Deercreek website for this purpose.

Access Denial List

An access denial list is maintained at the gate house. To have a name entered on this list, the Member desiring access denial shall register the restricted name in person at the gate.

Any Member barcode pass that has been deactivated shall be permitted entrance into the community only through the gate check-in/visitor lane.
